	<p>Interest is paid quarterly after you make your first deposit. Gross p.a. is the interest rate without tax deducted. AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once a year. After rounding to two decimal places the AER is currently the same as the gross rate.</p> <p>If the balance falls below the minimum deposit required for that particular currency we will not pay any interest. The minimum deposit required is set out below under "How do I open and manage my account?"</p> <p>Please ask us about deposits in other currencies. Different rates may be available for large amounts.</p>
