Towards Strong Banking Trust and Continuous Financial Stability

The essential objective of establishing the Iraqi Company for Deposit Insurance is to protect depositors' funds, support the stability of the financial system, encourage savings, and enhance public confidence in depositing funds securely in the Iraqi banks under the supervision of the Central Bank of Iraq. Protecting the depositors' funds, increasing the confidence of the banking sector, and understanding their rights as per the regulatory instruction and rules will increase savings and investment, establish a secure banking sector, and enhance its role in supporting the national economy.

Your funds are safe with us, your trust is our mission.
